

1 March 2022

Dear Colleague:

The Stimson Center, the Academic Council on the UN System, Plataforma CIPÓ, Leiden University, the Robert Bosch Stiftung GmbH, the Global Challenges Foundation, the Institute for Economics & Peace, and Club de Madrid are pleased to welcome your participation in the **Global Policy Dialogue on Global Governance Innovation: Beyond UN75 & Our Common Agenda**, from 1-2 March 2022, in a hybrid format at the Stimson Center and Georgetown University in Washington, D.C.

Bringing together a select, diverse group from UN Missions and the Secretariat, think tanks, universities, the private sector, and other civil society organizations, this Track 1.5 dialogue aims to:

- Offer concrete recommendations for taking forward the UN75 Declaration and the Secretary General's Our Common Agenda, including its call for a 2023 Summit of the Future.
- Debate and recommend specific global institutional, policy, legal, normative, and operational innovations that could inform the agenda of the 2023 Summit.
- Consider and enhance the Climate Governance Commission interim report proposals.
- Prepare a global governance renewal action program for the Global Governance Innovation Network, Coalition for the UN We Need, Together First campaign, and Climate Governance Commission.
- Initiate a Track 1.5 dialogue series (each on specific themes) in support of the 2023 Summit.

We thank you for taking the time out of your busy schedules to contribute to this Global Policy Dialogue, and we look forward to our close collaboration in the months ahead on the Road to 2023.

Sincerely,

Dr. Richard Ponzio | Director, Global Governance, Justice & Security Program | The Stimson Center
